## FOREWORD

This year will write finis to Windsor Community High School for, on March 20, 1948, the community approved the formation of a new unit system. W. C. H. S. has operated since the autumn of 1921 and the many boys and girls who have found pleasure and profit from its existence will be sad to see it go. But its passing offers a new day in education to the students of tomorrow and it is the wish and hope of this class that those to come will love the new school as we love the old.

## WINDSOR COMMUNITY HIGH SCHOOL

On July 1, 1921, Windsor Community High School came into existence and on July 1, 1948 it will cease to exist. For 27 years it has served well the youth of this community. J. A. Alexander was the first principal, directing the school until 1929. From that date on J. H. Dunscomb has served in that capacity. Thus the district during these 27 years has had only two principals, and, incidentally, only two athletic coaches—Mr. Dunscomb and Mr. Curry. Many teachers have come and gone during this period and because these men and women served so well as instructors, companions, and the creators of ideals, we wish to dedicate this page to them.

## CLASS PROPHECY

In a quaint caravan there's a lady they call the gypsy. She can look in the future and drive away all your cares. Yes, yes, as I am now around a camp fire with gypsies all around me, I will get to peer into the crystal ball and see what fate has in store for my old classmates, at W. C. H. S. As I have been out of school a year now I decided I'd take a little try and warn them about their future.

It's a very warm Southern night in June. The moon peeps in and out, while the stars are shining brightly. My friends here are very queer, but I hope they will hold my interest as well as yours during this mystic spell. The Queen of the clan is now speaking. "Watch closely my dear and believe in me." She turns the crystal ball around and the first thing I see is a vivid figure. Now it comes to light and I can tell it is Joyce Allen. I can see it very plainly now. It is Joyce walking down the church aisle. Waiting at the altar is Harold Hamilton. The preacher now comes to light reading the wedding vows. The pianist strikes up the processional. The newly married couple look very pleased walking down the aisle and we wish them all the happiness in the world.

The gypsy again moves the crystal ball and I see a man with a big cigar in his mouth. He looks like a real business man behind that desk. Well! surprise, surprise if it isn't Robert Lawrence Angell, Jr. In walks his secretary who is none other than Jean Kibler. I can tell by the look on his face he is still on the loose. At the rate that he is dictating those letters he must be a very busy man. He also must be rolling in the dough because of all those automobiles, yachts and fancy buildings around.

The music ball lights up again and in walks Joan Beldon, in a very business like manner. I'll bet I'd be safe in saying she is the murder or crime reporter for the Star Times. Yes, there is the sign above the door. I don't see any familiar men in her life but she has loads of surprises in store. It seems that "Jo" would still prefer going single, for she seems very happy.

The next vision that comes to light is Wanda Benson. I know that that isn't her name by now because she is very busy in the kitchen of a little white cottage. Yes, she is a very busy little farmer's wife. Here comes a little boy, I rather think his name must be Delbert II, for he is the very image of his father. That little mail box out in front says Mr. and Mrs. Delbert Syfert, Pekin, Illinois. I guess she had been looking forward to this for a long time.

Oh no! couldn't be, anything but that. Who do you think should burst in through that door but, Jim Bunyard, Ed Hunt, Bill Steele and Kenneth Storm. They seem to be in a big hurry. They rush up a flight of steps and into a broadcasting station. The announcer announces that the Alley Cats are now on the air. They all tune up and start singing. Very nice going there boys, and by the actions of the audience they think so too. We didn't know that we did have such wonderful singers back during the high school days.

Next is that brilliant but romantic George Burrell. It looks like he is entering a college door. Yes, and over the door, inscribed in marble, is the name of the institution, George and Carolyn. This used to be William and Mary College but now George is professor and he and Carolyn have changed it to a dancing school. They both teach all sorts of dancing now and are making a great success. George is the world's champion ballet dancer, which has made the institution famous.

Here is another classmate that comes to light. It happens to be Elsie Carr. Believe it or not, but Elsie and Johnny Garrett have gotten married and settled down to a nice quiet home life on the farm. They are happy raising healthy little Garretts and also sheep, cattle and hogs. They are a very quiet happy little family. Of course, all the little boys and girls are bringing straight A report cards home carrying on the old family tradition.

I hear the clatter of dancing feet, very light and very skillfully maintained, and guess whose little feet those are. That's right, James Davis! When he was back in high school, I guess, none of us appreciated him like we should. They say he is the second Fred Astaire. After his much applauded act a very beautiful girl from the audience ran up to greet him. The couple looked as if they were very much in love when they finally left the over joyed crowd and the big spotlighted stage.

## CLASS PROPHECY

Next comes an expensively dressed woman. It happens to be Dorothy (Dewar) Swinford. She seems to be waiting on Charlie. Yes, there he is all dressed up in a tuxedo. They must be stepping out to supper tonight. They walk out the door and a negro chauffeur is waiting in a new Cadillac. They don't have to us Mr. Dewar's car anymore. There is something that worries me and that is I wonder where they struck their gold mine. I guess that is one thing I'll never understand, until it really happens.

I now hear a low clatter of drums and the curtains go up. There it a little woman on a trapeze. She must be very brave because I can't even make out who she is, she is so far up. As she comes lower and lower it seems to be Marjorie Doehring. She is very graceful and doesn't seem to worry where she is going to land. I see a big flashy diamond on her left hand. There goes the hero out to catch her. I don't recognize him as he is most likely from Strasburg. As I have said before we didn't know that we did have such talented people in our class.

The gypsy turns the crystal ball again. Whoever is coming on next is sure full of energy because the mystic ball about fell out of her hand. Here comes a man with little mustache, or cookie duster as we used to call it. I guess this surely must be David Dunscomb. He is now the National Laughing Comedian. I was surely surprised to find him still single. Jean Carr dropped out of his life when he was thirty-five. She says she got tired of waiting for him and he thought he was to young to be tied down yet. He is trying to regain her back, which looks pretty successful.

Next happens to be Charles Fransden. He seems very contented in that easy chair with his big old peace pipe. His little blonde wife, from Sullivan, is very busy doing all the work. I understand she makes all the living and does all the work while "Punkie," takes life easy. He certainly looks as if he enjoys life more than he did back in high school.

The next person that comes to light is Barbara Fugate. She looks pretty nice all dressed in white. Yes, she turned out to be a nurse, just like she had always wanted. I can also see a soldier in the crystal ball. I guess that is Dick Stark, her army friend. After he gets out of the army they intend to live a nice quiet home life. I imagine that this nursing course will come in handy too.

The gypsy hasn't had time to settle the crystal ball until something comes in. It looks like a bird, no a man or no it is Jack Gaddis. He is driving some kind of a contraption that certainly has the speed. I see it now and it is a vehicle that he always dreamed of inventing so that he could travel faster on the ground. He has a factory now that turns out thousands of these vehicles day after day. He is really taking in the money too.

Joycelyn Green now appears and she seems very busy studying. She is attending the U. of I now where she is very popular. She is a cheerleader for both the football and basketball team. She is the Queen this year and is president of the Home Ec. Chapter. She is still shopping for a man, but she isn't worried for she knows there are plenty to be had.

I now see a young lady giving children their daily exercises. I wouldn't know of any other girls in our class that are as active in P. E. unless it could be Yvonne Hurley, which it is. She is a teacher of Physical Education in some little village's high school. Yvonne looks very happy in this field of work. P.S. She is going to be an old maid.

I now see Colleen Jones. She looks very weary underneath that golden flock of hair. She is now entering the door of Windsor High School. Don't tell me she is still taking post-graduate courses. No she is going into the English room. All the class now appear and by writing on the board she must be the Latin teacher. Don't tell me Colleen, of all the people in our class, has become an old maid. When class is dismissed she rushes out the door to get in a truck with Bob Daily's name on it. I guess that will teach us to worry about our own affairs.

Paul Juhnke is next. He looks very busy and carries himself in a business like manner. I guess after years of college he has won his doctor's certificate. He has set up a clinic in the edge of Strasburg. He has several nurses around him but he has picked out one as head of staff at the hospital as well as Chief of Staff at home.

## CLASS PROPHECY

As the crystal ball turns again what should behold our eyes but the inside of a gymnasium filled with people. I wonder what this could have to do with our classmates. It is now viewing the bench with the basketball players on it. The boss or coach is Lee Slater. We always thought that he was a smooth player back in high school but never thought that he would turn out to be coach. The crystal ball is moving so it will show some of the faces of the crowd. I wonder what that has to do with Lee. Oh! there is Elizabeth (Kays) Slater. She has a little boy with her and I don't know just by looking whether that is another little nephew or not. We will let you figure that out for yourself. At any rate she is still the faithful team follower.

The next figure is Helen McQueen. When she was back in high school she always liked a lot of excitement and adventure. By the looks of that uniform she has given up nurses training and became a W. A. C. Recruiting Officer. Helen has a lot of extensive traveling in her future. I wonder when Johnnie D. dropped out of her sight? I don't know but I guess that is some more personal affairs.

Jeanette Morford is the next to be shown in the crystal ball. She is walking across a large carpeted floor. I see women all wrapped and dropped in furs, watch every move that she makes. I see it all now she has turned out to be a model. Who would have thought it? She seems to know what she is doing showing all the latest fashions. She looks very happy so I'll bet Jack Beaumont isn't too far away. No there he comes into the crystal ball now, he was home running a nursery. He seems to know his business.

The next to come into view is a tall, dark, and handsome man. I can't recall any other classmates that looks like that unless it could be Gene Noffke. He is going into a garage with the name over the door NOFFKE AUTO REPAIRS I guess he has a business all his own now. Now the view shows the inside of the building and there are all kinds of cars setting around. It looks as if Gene has a very progressive business here.

As the crystal ball stops turning this time it marches Davadia Peadro. She must be out in California for it looks nice and sunny out on that beach. She climbed into the Life Guards chair, so she must have turned out to be the life saver, rather than to be a music teacher. There is Bill Fought slaving away in an orange grove. I guess that diamond really meant business, that she got for Christmas in her Senior year.

Next is Kenneth Quigley at a big switch board. By his actions he is certainly busy getting all of those calls through and also telling the other workers what to do. He specialize in making appointments for other people. He always liked this kind of work back in high school, but no one expected him to operate one all by himself.

I now see a preacher doing his best until his voice wears out. He stops and takes a drink—of water. I can't imagine who that big husky fellow is. I believe that must be Harold Smith but I wonder where in the world he picked up all of that fat. It was also a great surprise to me to find him preaching. He always knew the words back at high school, but the trouble then was he used them backwards. By his grave face though he must have turned out to be a great speaker of the truth.

As the crystal turns again it stops at the Imagine of Sara Jane Warren. She is boarding an airplane. I wonder if she is traveling or going somewhere. By the looks it is neither one, because she has on an air hostesses outfit. I guess this was why Sara Jane was always on a diet and always saying she was going to be an old maid. She is really busy giving all of those people service, but it was the kind of business she always dreamed of.

Next we see a large white castle appearing but as it gets closer it has the words Hyland Funeral Parlor. Just then out walks someone that must be me. On the inside of the parlor I see all kinds of mounted animals. I guess that we are going to run a funeral service for peoples, pet dogs, cats, canaries, and other things. I never quite expected this, I believe that gypsy must be playing tricks on me.

There is a loud clap of thunder and the sky lights up like a search light. This means the mystic spell is all over. If any of your fortunes are disappointments to you, don't blame me for I saw this all in the crystal ball that my friend the gypsy is holding. I guess this means now that I'll take my leave. Lots of Luck.

### CHORUS

Under the direction of Mr. Begeman, a mixed chorus of fifty-one students meets every Friday to fill the halls with sweet strains of music. On March 19 a musical concert was given and the chorus sang:

"Sentimental Journey"  
 "Marcheta"  
 "Jealousie"  
 "Good-Night Sweetheart"

The chorus will sing at Baccalaureate Service and Commencement.

### BAND

The W. C. H. S. Band directed by Mr. Begeman has progressed very much this year. Our band has forty-five members, thirty-five from high school and ten from grade school.

In September the following officers were elected:

Jeanette Morford ..... President  
 Yvonne Hurley ..... Vice-President  
 Elsie Carr ..... Secretary, Treasurer, Reporter

The band played at the Harvest Picnic celebration, led the Grand March for the Hallowe'en Parade, played at the Strasburg Lutheran Celebration and at all the home basketball games.

The band was in the Charleston Homecoming Parade and in the afternoon enjoyed a football game followed by a band mixer.

Several of the band members attended a clinic held at Sullivan on December 13 and were members of the one hundred piece band at the concert on December 14. A concert was given on March 19. The solo and ensemble district contest will be held at Charleston on April 3, and the district band contest will be held there on April 10. Those who receive first ratings will go to Macomb on April 30 and May 1 for the state contest. As this article goes to press before that time, a space will be left at the right for the reader to write in the results of these contests.

**FUTURE HOMEMAKERS OF AMERICA**

The Future Homemakers of America have been quite active this year under the capable direction of Miss Hammer.

The following officers were elected:

Joycelyn Green	President
Beulah Ruth Williamson	Vice-President
Elizabeth Kays	Secretary
Joy Hennigh	Treasurer
Colleen Jones	Parliamentarian
Marjorie Doehring	Song Leader
Edna Camie	Degree Chairman

Mrs. Basil Green is the F. H. A. Chapter Mother.

At the House of Delegates meeting in Mattoon on September 6, Beulah Williamson was elected project chairman of District 14.

The Chapter's publicity book won first at state contest at East Bay Camp, at Bloomington. Beulah Ruth served on the State Publicity Book Committee.

The F. H. A. Chapter is planning to attend the Spring F. H. A. Rally at Mattoon on April 24, 1948.

There is to be a national F. H. A. convention in Kansas City, Missouri, in July, and the Windsor Chapter has selected Edna Camie for their delegate.

The F. H. A. entertained the F. F. A. at a watermelon party on September 12. They served the School Masters Banquet in January and the F. F. A. Father and Son Banquet in March.

The Windsor Chapter has thirty-three members and the meetings are held the fourth Monday night of every month at one of the member's homes.

**SCIENCE CLUB**

This year a Science Club was organized by Mr. Davidson. The following officers were elected:

Jay Lovins	President
James Kays	Vice-President
Jean Carr	Secretary
David Dunscomb	Treasurer

This year the main interests have been radio and photography. Several of the members now develop their pictures at home.

The Science Club sold Christmas Cards. They also sold popcorn at the Shelby County Tournament. With the money they received, the club bought an enlarger for pictures, a tube tester for radios, and a radio kit from which they made a radio.

The club meets twice a month and has radio and photography at the alternate meetings. This club has twenty-eight members.

**CHRISTMAS PARTY**

Each year in the sale of basketball tickets the girls compete with the boys to see who can sell the most. The losing side gives the winning side a Christmas party. This year the girls won by a small margin. We enjoyed community singing, listening to letters that some of the students and teachers had written to Santa, and two vocal solos by Bob Jetto and Freddie Begeman. Good old Santa came and gave everyone a present, some of them being quite amusing. Refreshments of ice cream bars and cokes were served and the rest of the afternoon was spent in dancing.

**BASKETBALL BANQUET**

The first ten basketball boys, and their guests enjoyed a banquet on the evening of March 26 at the home of Dr. and Mrs. H. E. Myers. Favors and place cards were colored Easter eggs with fins and tails. After a supper of chili and oyster soup with all the trimmings, those who felt like it spent the rest of the evening in playing cards, checkers, and dancing. Incidentally, Don Edwards won the prize for eating the most, another ham sandwich all wrapped up in gift paper.

## ACTIVITIES

### PARTIES

Each class is permitted one party each semester. The class adviser is always present to keep the party going. The evenings are spent in dancing and playing games.

On September 5 the freshmen were initiated. Various stunts were performed and the other classmen and teachers enjoyed themselves even though the freshmen didn't. The remaining part of the evening was spent in dancing.

### ODDS AND ENDS

#### Band at Basketball Games

The WCHS Band, under the direction of Mr. Begeman, played at all the home games. They did not appear at the Shelby Tourney because of the crowd which showed up at the games.

#### Drum Majorettes

This year, as last, the band was accompanied by two majorettes, Carolan Doty and Jo Ann Dickinson. These two girls gave an exhibition at the last home game and received a big hand for a job well done.

#### D A R Medal

Jeanette Morford was the winner of the D A R medal this year. She has been prominent in school activities through her four years and was fully worthy of the honor. She and her sponsor, Mrs. Dunscomb, attended the presentation ceremony at Shelbyville.

#### Cheerleaders

The Four J's—Joycelyn Green, Jeanette Morford, Jean Carr, and Joy Hennigh, were elected by the student body early in the fall. They worked hard under the direction of Mrs. Dunscomb and won the applause of the crowd on many occasions.

#### WCHS News in Gazette

"Squeaky" Joan Beldon, wrote the WCHS News the past year. Students eagerly awaited The Gazette to see if they made "Idle Rumors."

#### State Tournament

WCHS had only four State Tournament tickets this year. Different boys attended on the different days and reported a great time.

#### DeKalb Medal

The medal to the outstanding senior agriculture student given by the DeKalb Seed Corn Co. was won by Bob Angell. Congratulations, Bob.

#### Bus Transportation

Five busses brought the high school and grade pupils into town. The drivers are Lincoln Booker, Jim Shafer, Calvin Giesler, Ben Elliott and Clinton Wall.

#### Miss Baker's Marriage

Miss Yvonne Baker resigned her position at WCHS November 1. On January 9 she sailed for Greece where a few days later she was united in marriage to Peter Maynard, an American, who is employed there. The romance started at the University of Illinois where they were students together. Our best wishes go to them for many years of wedded happiness. Miss Roberta Finley was employed to take Miss Baker's place as librarian, English and PE teacher.

## THE SEASON

Shelby County Champions! For on the night of January 30, before a capacity crowd which stood in line outside the gym door from 5:00 to 6:00 p. m., our team defeated a great Strasburg team 61 to 45. Seldom had the followers of the Blue Devils seen better shooting than they saw that night. Edwards, Carter and Slater scored 30-foot shots with monotonous regularity, and that was the difference between the two teams. Strasburg's zone was effective against close-in shots but could not stop our long shots. To get to the finals Windsor defeated Stewardson 51 to 32, and Shelbyville (defending champions) 48 to 32. The box score of the championship game follows:

Windsor (61)	FG	FT	TP	Strasburg (45)	FG	FT	TP

## ATHLETICS

Although the county tournament games were the highlights of the season the team played many fine games. At Effingham, during the first half, the passing and shooting was almost letter perfect, and we left the floor at the half leading 35 to 21. We slowed down in the last half but won handily 51 to 44.

The game we lost at Shelbyville (played in the Sparks gym.) was a heart breaker. Things wouldn't break for us. Slater fouled out and everything seemed to go wrong but toward the end of the game we surged forward and got within two points of them. Then Carter took a rebound, dribbled to the center of the floor and shot. The Windsor crowd screamed and Shelby wept for the ball dropped through. But here is the sad part of the story. In the excitement the referee's whistle had blown seconds before Carter had shot for he had fouled on the rebound and his wonderful effort was all in vain. We lost 42 to 39.

At the Paris Holiday Tournament we drew Mt. Carmel and after a poor first quarter we trailed 15 to 7. We came back strong and got closer and closer to the tall boys but our effort fell one point short. We lost 54 to 53.

In the Mattoon Regional we drew Atwood, the winner of the Atwood District. Our team looked good and we won 61 to 37. Next was Tuscola, whom we had beaten by 12 points earlier in the season, but in this game the shots would not drop through and we lost 44 to 40.

A glance at the tabulated scores will reveal a successful season with 17 victories and nine defeats. The second team won 18 while losing two—those to Teutopolis and Altamont. Quigley, Hennigh, Baker, Carman and Elliott were the usual starters.

## ATHLETICS

### THE FIRST TEN

Slater was our high point man for the season. His shooting ability proved a deterrent to other teams many times. He will be missed next year as he is a senior. Lee was picked as center on the all-star team from Mattoon Regional.

Carter was a hard-driving junior forward, whose scoring ability was respected by other teams. Brud was always in there fighting and tallied many points.

Noffke, a lanky senior center, whose height enabled him to grab many rebounds was an asset to the team. He showed his scoring ability at the last of the season by putting needed points through the hoop.

Edwards, a junior guard whose floor work and canny basket shooting kept him on the first five. Don earned a guard spot on the all-star team selected at the Mattoon Regional.

Bunyard was a consistent ball player whose steadiness kept the team in balance. Jimmie's ball handling will be missed next year as he is a senior this year.

Juhnke, Paul's rebounding and shooting won games for the team will be missed next year. His best game of the year was against Strasburg.

Steele competently filled a guard spot when called upon. Bill was always in there fighting and working for the team. This is his senior year.

Dunscumb is a senior who will be lost this year after two years on the varsity squad. Dave played center and forward on the team. His best game was against Shelbyville in our first encounter.

Baker, a rangy junior center, who aided the first team in many contests, will be one of the attractions next year. Jack keeps the spirit of the boys in a fighting manner. His services were mostly on the second team where he put some beautiful shots through the nets.

Quigley, a freshman guard whose floor work and quiet ways will make trouble for the opposing teams for the next three years. Bobby has a keen eye for the basket, and played regularly on the second team.

Coach Curry has the magic touch. His teams always are well versed in fundamentals and win more than their share of games. His team this year played a hard schedule and finished with a fine record. More success to you, Coach Curry.

### SOFTBALL

Our softball team played two games last season. They were both with Westervelt. We won the first game to the tune of 40 to 7. The second game we won by an 11 to 4 score.

Lowell C.: A fool can ask more questions than a wise man can answer.

Opal C.: No wonder I flunked the test.

Judge: What were you doing chasing those bathing girls at the beach?

David Herron: I was enjoying the privileges granted me by the constitution: Life, Liberty, and the pursuit of happiness.

Norman: "Carlton, why are you so late today?"

C. S.: "I couldn't help it. The class started before I got there."

Charles Larrew: "Of what does the sea remind you?"

Joan Morford: "You! It's never quiet."

David D.: I wish I could revise the alphabet.

Jean C.: Why, what would you do?

David D.: I'd put U and I close together.

Robert Doehring (in a restaurant)

Waitress: Order please!

Robert D.: Whazzamatter—I ain't makin' any noise.

Green Freshman: (to Senior who is leaving the room) May I come to?

Senior: You'll never come to, unconscious.

Mr. Martz: "I said the composition on milk was to be two pages long. Yours is only half a page."

Lee C.: "But, I wrote on condensed milk."

Kenneth S.: "Do you know a guy down your way with one leg named Carr?"

Paul J.: "Well now, I'm not quite sure. What's the name of the other leg?"

Mr. Davidson: "Why aren't you studying?"

Chet S.: "I didn't see you coming."

Joyce A.: "What is the penalty for bigamy?"

Harold H.: "Two mother-in-laws."

Question: Why did the little moron eat thirty-watt bulbs for dinner?

Answer: Because the Dr. put him on a light diet.

Ralph Elliott: "Hey, James, did you hear 'bout the traffic fight on your street last night?"

James Kays: "Fight? No, tell me what happened?"

Ralph Elliott: "A man choked his car."

One afternoon, Jobe looked out his office window and noticed a man skipping down the street. Two days later he casually gazed out the window and saw the same man skipping down the block. Two days after that he looked out again. Sure enough, there was the same man skipping down the street. By now Jobe's curiosity was burning. So he ran outside and stopped the skipper. "Excuse me," he said. "But would you mind telling me why you are skipping down the street?" "Not at all" answered the man. "I went to see my Dr. last week because I get very bad headaches; and he gave me some medicine." "I get it—the medicine makes you skip," said Jobe. "Oh no, the Dr. said to take the medicine one day and skip the next!"

Lost! A fountain pen by a freshman with a cracked top.

## JOKES

Willis Walker: "Oh, good morning, Miss Brown. How are you today?"

Joycelyn Green: "Fine, thank you, sir. Only my name isn't Brown, it's Green."

Willis W.: "Green? Oh yes, so it is. You will have to excuse me. I'm color blind, you know."

Hitch hikers to the right of me,  
Hitch hikers to the left of me,  
Hitch hikers all around me,  
Thumb fun, eh what?

Mrs. Triffet in a shoe store: "I'd like to see a nice pair of alligator shoes, please."

Clerk: "What size does your alligator wear?"

As the steamer left the Athens harbor, Yvonne (Baker) Maynard walked up to the captain and pointing to the distant hills, inquired, "What's that white stuff on those hills, sir?"

"Snow, my girl," replied the captain.

"That's what I thought," commented Yvonne, "but a man just told me it was Greece!"

Mr. Hartsell (To drive home the lesson on charity and kindness said) "Bob, if I saw a man beating a donkey and stopped him from doing so, what virtue would I be showing?"

Bob Angell: "Brotherly love."

Elaine M.: "Dad, how do you like my new wind-blown bob?"

Mr. Mullikin: "It looks as if a cyclone had struck it."

Dale Young: "Well, I guess I'm it."

Bud Welch: "Why so?"

Dale: "I parked my flivver wrong and a cop tagged me."

Stranger: "You seem a bright boy. I suppose you have a very good place in your class?"

Charles Frandsen: "Oh yes, I sit right by the radiator."

Mr. Hartsell: "This makes the fifth time I have punished you this week. What have you to say?"

Punk F.: "I'm glad it's Friday, sir."

Bill Baugher: "You know Lorene, there's something dove-like about you."

Lorene Shultz: "Oh, your flatterer."

Bill B.: "Yes, you're pigeon-toed."

Mrs. Triffet: "If you had x apples and y oranges and gave a of them to your friends, what would you have?"

Bob Cecil: "I'd have my head examined."

Tom M.: "Join me in a cup of tea?"

Vivian K.: "Do you think we will fit?"

Jack and Joe Tipton were out hunting. Joe sighted a duck flying over his head and shot it. The fowl fell to the ground, dead.

Jack was indignant. "Now what did you want to go and shoot it for?" he asked, "the fall would have killed it."

At the opposite end of the sofa  
They sat with vain regrets  
She had been eating onions  
And he smoking cigarettes.

Perhaps some jokes are old  
And should be on the shelf  
If you know any better  
Send in a few yourself.

Now if I had some bubble gum  
I'd put it in my mouth  
And if the wind was in the north  
I'd blow it to the south  
But if the wind was in the south  
Instead of in the north  
I'd put it all inside my mouth  
And roll it back and forth.

Mrs. Norman: "Harold, you put the credit item under the debit side no wonder you can't get a trial balance."

Harold Wilson: "Yes, but I'm left handed."

Catherine R.: "Barbara, why are you crying so?"

Barbara Moffett: "I lost my little dog, Rex."

Catherine R.: "That's too bad. Why don't you put an ad in the Gazette for his return?"

Barbara: "He can't read."

Mack Davis: "Why is it that statistics show that women live longer than men?"

Jerry E.: "Well, you know paint is a great preservative."

Miss Finley: "I didn't have no fun seaside. How should I correct that, Dorothy?"

Dorothy R.: "Take Hershel with you."

Bob A.: "What d'ya say, Ed, we get our girl friends together tonight and have a big time?"

Ed H.: "Okay by me, Bob, where'll we leave 'em?"

Mr. Martz: "I would like to know why it is that whenever I leave the room for a short time and then return I find no one working."

Frank W.: "It's because you wear rubber soled shoes."

Jerry H.: I would like to marry your daughter.

John G.: Well, sir, you can leave your name and address, and if nothing better turns up, we can notify you.

Bob Caspary: "Sugar Pie, did that kiss I just gave you make you long for another?"

Joy Hennigh: "Sure did, Bob, it sure did! But he's out of town."

Auntie: "I want you to promise me never to use two certain words. One is swell and the other lousy. Will you promise?"

Barbara F.: "Sure, Auntie, what are the words?"

Mr. Dunscomb: (To Chet Stillabower, who is half an hour late) You should have been here at 8:42.

Chester: (eagerly) Why, what happened?"

Kenneth Quigley: "My pardner and I are taking a trip to the desert next week. He's taking along a gallon of whiskey for rattlesnake bites."

Harold Smith: "And what are you taking along?"

Kenneth: "Two rattlesnakes."

Mr. Begeman: "Bobby can you sing a solo Friday night?"

Bobby J.: "I can't duet."

Wanda Benson: "When I get married, I want a honeymoon salad."

Margie McQueen: "Honeymoon salad?"

Wanda: "Yes, lettuce alone."

Bill: "I wish you'd cut that fur off your coat collar."

Miss Hammer: "Oh, does it tickle your nose?"

Edna Camic: "Poodles, did you hear that loud thunder last night?"

Rosella: "No, did it really thunder?"

Edna: "Did it! That thunder was so loud it sounded as though heaven and earth had smacked together."

Rosella: "Why didn't you wake me up? You know, I can't sleep while it thunders."

Mr. Curry: "When George Washington admitted that he chopped down the cherry tree, his father didn't touch him. Know why, James?"

James Davis: "Sure, George had the hatchet in his hand."

Three members of the Kangaroo family went for a stroll one day. Baby K. kept jumping in and out of his mother's pouch so much that Papa K. finally became exasperated. He said to his wife, "I can't stand these jack-rabbit antics, I'm going to spank him."

"It's not the poor dear's fault," Mama Kangaro explained, "I have the hiccups."

"Good morning, Mrs. Dunscomb, I'm from the gas company. I understand there's something in the house that won't work."

"Yes, replied Alice, "He's upstairs."

Betty W.: Are you the man who gave my brother a dog, last week?

James K.: I am. Why?

Betty W.: Well, Mother says to come and take them back.

S. O. S. for Jacksonville

Miss Finley: (in English) "You can use your notes this time, but I want you to learn to talk out of your heads as soon as possible."

## JOKES

Dog Catcher: "Little boy, do your dogs have licenses?"

Lawrence Swinford: "Yes, Sir! They're just covered with them."

Mrs. Triffet: "Leo, what is a circle?"

Leo Cordes: "A circle is a round line with no kinks in it, joined up so as not to show where it began."

Miss Finley: "Why, you seem to be busy."

Mrs. Norman: "Yes, I'm trying to get something for my husband."

Miss Finley: "Had any offers yet?"

Charles Daugherty and Dickie Nolen got into a discussion over the kind of animal a heifer was. Charles claimed that the heifer belonged to the hog family, Dickie that it was a variety of sheep. Finally they called in Eugene Wittenberg. "Eugene, what's a heifer, is it a hog or a sheep?" they asked. Eugene W. "To tell the truth, mates, I don't much about poultry."

Question: "Does the moon affect the tide?"

Answer: "No, only the untied."

A crowd had gathered around Jack B. who had been bitten by a mad dog. A Dr. was administering first aid. Presently the patient sat up.

J. B.: "Doctor, give me a piece of paper."

Doctor: "Tut, tut, my good fellow! You're all right; you needn't worry about making your will so soon."

J. B.: "I don't want to make a will, I want to make a list of all the people I'm going to bite."

Mr. Curry: You can't sleep in my class!

Ken Quigley: If you didn't talk so loud I could.

Dewar: "Charles dear, we have been going together almost two years, don't you think we ought to get married?"

Swinford: "Yes, you're right—but who'll have us?"

If it were not for this short verse  
There'd be a joke here ten times  
worse.

Bob D.: "If I had known that the tunnel was so long I would have kissed you."

Colleen J.: "Good land! Wasn't that you?"

Tramy: Could you give a poor fellow a bite?

Flora M.: I don't bite myself, but I'll call the dog.

Beulah W.: "There now, you've broken a mirror. Now you'll have seven years bad luck."

Earl L.: "Oh, I don't believe that. I knew a woman who broke a great big mirror and she didn't have seven years bad luck."

B. W.: "Is that so?"

E. L.: "Yeah, she was killed in a car accident the next day."

Elsie T.: "How is milk kept from getting sour?"

Jean Ann M.: "By leaving it in the cow."

Curry: "I've tried so hard to make a good student out of you, James, and in spite of all my efforts you are ignorant."

James Carman: (deeply moved) "What a failure you are."

Mr. Hartsell: "I am tempted to give you a quiz."

Lee Slater: "Yield not to temptation."

Of all the surprises  
There's none can compare  
With stepping on a step  
That isn't there.

Ruth rode on my motorcycle  
And sat in back of me  
I hit a rut at 65  
And I rode on Ruthlessly.

Iris H.: "What is the cause of so many divorces?"

Betty C.: "Marriages."

Have you heard about the Kentucky cow who ate blue grass and mooded indigos?

A senior stood on the railroad track  
The train was coming fast  
The train got off the railroad track  
To let the senior pass.

## BOBANJELL IS NEW WORLD CHAMPION

### Curry Wins Coke Contest

Mr. J. R. Curry, coach of W. C. H. S., won the title of "State Champion Coke Drinker" Mr. Curry won by drinking sixty-four cokes with second place going to Miss Isabelle Martin who could down only sixty cokes.

In making a statement for the press, Mr. Curry said, "It was easy, I had a lot of practice back at W. C. H. S." Then he was surrounded by a group of girls wanting his autograph.

### Wouldnt This Be A Queer World If:

We all had red hair like Rosella—

We all liked the same girl as Lee does—

We all had the size of Deacon Elliott—

We all had the brains of Elsie Carr—

We all had the height of Iris Hunt—

We all had the appetite of Jack Baker—

We all had the whiskers of David Duncomb—

We all had the seriousness of Harold Smith—

We all had the bald heads like Mr. Martz—

### Can You Beat This One?

Paul Juhnke came to school with his hand all wrapped up and upon being questioned about what had happened he said, "Oh, it was just scratched on a nail." And his buddy, Ed Hunt, replied, "Yes, that is right, a finger nail." Does that Strasburg cheerleader wear her nails long?

### HIS MIDDLE NAME IS VERSATILE

Edwin Hunt, popular senior boy with the wavy hair, is proving very versatile. In fact, he is thinking of going into radio as a sound effect man. His imitations of the galloping hoofs of "Silver," his French harp playing, his singing, and his all around ability to entertain (especially the girls) may open a great career for Ed. More power to you, Ed.

### GEOMETRY:

Given: I love you.

To Prove: You love me.

1. I love you
2. Therefore I am a lover.
3. All the world loves a lover
4. You are all the world to me.
5. Therefore you love me.

Last night in Madison Square Garden, Bobanjell became the new Fly weight boxing champion of the world. He defeated the defending champion Jack Gadidski, by a knockout about two minutes in the second round.

He is fighting in the fly-weight class at present but as soon as he picks up a few more pounds he plans to challenge Joe Louis.

As you can see he gets his name from his incessant fighting in the ring and the way he "Jells" his opponents Mr. Bobanjell is planning to make a tour of the United States with all the profits going to the charity organization for homeless cats.

### TAKES UP PIANO

Miss Gwendolyn Hammer, popular home ec. teacher at WCHS, has taken up the piano and according to her teacher is doing real well. When asked why she had gone in for such a hobby at her age she replied, "When supper is over and the dishes are done and Bill sits comfortably in an easy chair, can you think of anything that can complete the picture of wedded bliss other than soft piano music?" And she has something there.

### What Was He Doing There?

A sign on the bulletin board March 17 read, "Found: Some money inquire of office." Lee Slater came in to claim the money but when informed that one of the girls had found it in the girl's room Lee disclaimed his claim on it.

If love is blind  
And loves can't see  
Then why in the heck  
Doesn't someone love me.

## So I'm Told

A certain young man (trombone player) asked E. Mullikin what she would say if he asked her to the Sophomore party. Her answer was a plain "No." So he said "Well, I won't ask you."

People wonder why Bill Steele is called "Limey." It all goes back to the day when Bill wore C. Doty's red shirt and someone said "Watch out, the Red Coats are coming."

Poor Tommy Hennigh nearly passed out of the picture the week of March 8. He couldn't play ping pong, he ate lunch by himself—his mind was 50 miles away—in Edinburg.

Lee Slater mentioned something about George Burrell's New Look. Don't give up George, that wave is looking better everyday.

Jean Kibler got a ride to school almost every noon. We have never been told how Bob Angell's car always happened along.

When Bob Cecil was asked how it happened James Kays stepped out so often with Jo Ann Dickinson, he replied "If I had a car and a ten dollar bill I would give him all the competition he would want."

Kenneth Storm's mustach felt the keen edge of a razor March 15. He said too many people thought he hadn't washed.

## CLASSES OF W. C. H. S.

The freshman is grassy and grows.

The Sophomore is sassy and blows.

The Junior is brassy and doze.

The Senior is classy and knows.

## SMITTY'S TIES

What is that you hear going down the corridor? It could be John Carlton Smith's ties—not too noisy, to be sure, but loud enough to attract attention—and what attention!

## BOOK REVIEWS

**How to be Happy though Tied (Hog-tied that is)** by Lee Slater—This is a book advising young swains that life can really be pleasant even though you go steady. **What Leap Year Means to Us Girls** by Joyce Allen. This is a book holding out hope for the feminine sex. **Exercises for Women** by Elizabeth Kays is one of the most enlightening book received by us in years. Miss Kays tells how to strengthen your arms so that if the occasion ever arises the young lady may be able to crack a man's rib—even a man as large as Lee Slater.

**How to Hurry Slowly** by Lee Curtis is a most profound book. The author tells in so many words that slowness worries others but not yourself, while haste pleases others but not yourself. People who know the author say he practises this doctrine.
