IN DEDICATION

Becky Bridges 1960-1974

It is with precious memories of our loving friend that we, the Pow-Wow Staff, dedicate the 1978 yearbook to Becky.

Becky was our beautiful friend. She shared her life with the class of 1978 for fourteen years. A part of her sharing took place at W.H.S. Becky gave of her time and effort to Band, G.A.A., and Speech Club. Becky was also a member of the Windsor Christian Church, and she sang with the Emmanuel Singers. She not only sang of her loving Creator, but she wrote of Him also.

The poem that follows was written by her. She took simple words and molded them with her deepest feelings. These sculptured words are a small part of her, that have become a big part of our beautiful memories.

Lovingly,

The Class of 1978

WHAT HAVE YOU DONE FOR HIM

Long Ago, so far away
God was here
As He is today.
He made the earth,
The sky above,
The trees and birds

With His Mighty Love,
He even sent His Son
To die,
To save us from our sins.
Yet often we take for granted
What have YOU done for Him?

BEHIND CLOSED DOORS

ADMINISTRATION

What really happened in 1978 behind the closed doors of W.H.S.? Interesting question, isn't it? But then again, interesting situations lie behind closed doors. Let us simply say, some of the most unpredictable, unbelievable, and unexplainable happenings occurred at W.H.S. in 1978. Yes, W.H.S. can be a surprisingly mysterious place when sealed behind closed doors.

Some of the projects during the year were trick or treating for UNICEF, a soup supper, a visit to the Old Folks' Home, FHA Week, a progressive supper for mothers, the secret grandmothers' tea, and a senior tea. It was an enjoyable year for all.

The Future Farmers of America (FFA) organization is part of the instruction program preparing students for careers in agriculture. For the past 50 years, since its founding in 1928, the FFA has become an important teaching tool for the practical application of lessons in leadership, cooperation and citizenship—all vital to successful employment in modern agriculture. Today the FFA provides leadership opportunities for over 465,000 students by challenging them with incentive awards and leadership activities which complement the instructional program. Through its activities, the FFA encourages entrepreneurship, helps make better employees and develops responsible citizens by uniting them with leadership opportunities in agriculture. Any student regularly enrolled in vocational agriculture may be an active member of any chartered FFA chapter.

Spanish Club, which is open to all students who have studied or who are studying Spanish, had a year specially enriched by the presence of our Spanish exchange student, Oscar Luque. In addition to the customary club activities—a fall welcoming party for new members, a caroling party at Christmas, and Pan American Night in the spring—members became acquainted through Oscar with some details of life in Spain, including Basque and Spanish songs.

Some members were also privileged to participate in a trip to St. Louis, where they heard a concert of Spanish and Latin American music presented by Ollantay, a group using native instruments like a drum made of a log and a kind of banjo made from an armadillo's shell.

What can we say?!

That's our homecoming queen?

It's a bird.
It's a plane.
It's the Superteacher.

Who let the
clowns out?

Mary, Mary quite contrary

Speech class leaves you speechless.

Mr. Galligan, where
did you get your

We the Pow Wow Editors of 1978 would like to thank the hard working staff members for helping complete the yearbook. We would especially like to thank Mrs. Marsland and Mr. Donelly for guiding us through the traumatic experiences of being yearbook editors. We appreciate Renetta Thies's help in writing the theme and dedication page, and our deepest thanks to Scott Mayer for his many spent hours in developing pictures.

Psychologist Solomon Bell conducts the Bell School for Adults, using the basic principles of the enlightened nursery school—and a few of his own.

In the Bell School, the students can let feelings and impulses run riot. They can work with wood, model clay, finger-paint, blow horns, squoosh their toes in mud or kick around "The Boss," a life-sized dummy.

Unfortunately, there are objections to the proceedings; the school is suddenly closed, and the students all land in jail! They are even subjected to a police line-up.

All ends well when Mrs. Ryan, the psychologist's landlady, traps the elusive doctor in his own "sickbed psychomotor drama"; and it's wedding bells for Dr. Bell.

It's my after shave. It drives women wild.

Who done it?

It's got me! It's got me!

Take your partner and do-si-do.

My socks? What's wrong with my socks?

PRECIOUS AND FEW

Dig these Senior Williford.

Peek-a-boo?

Not now, George! They're taking our picture!

I'll miss those Juniors.

Should I get the last glass of punch?

My Tickle deodorant is getting me?

Gee, Mike!

If you want someone's attention... . . whisper.

My English term paper... gone! Sniff, sniff!
